Medical Insurance | BlueCross BlueShield of IL

Preferred Provider Organization (PPO) - *Traditional PPO Plan*

You have flexibility to use any doctor or hospital, however, you'll pay significantly less out of pocket, if you use an In-network doctor or hospital. For most doctor and specialist visits, you pay a copayment at the time of service. Preventive care services are generally covered at 100%, with no cost share to you. You have flexibility and choice, and can manage costs by remaining in-network.

High Deductible Health Plan (HDHP) with Health Savings Account (HSA)-*HDHP Plan*

This medical plan option is comprised of two components (1) a High Deductible Health Plan (HDHP) and (2) a tax-exempt account called a Health Savings Account (HSA).

The HDHP is a high deductible PPO plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc.

The HSA is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even if you change plans, leave MSI, or retire, the funds roll over from year to year to be used when you really need them.

In order to have a HSA bank account paired with your HDHP, you must NOT be enrolled in another non-HDHP health plan, enrolled in Medicare (Part A included), claimed as a dependent on someone else's tax return, or enrolled in a Medical FSA (your own or someone else's).

Dental Insurance | Cigna

Dental Health Maintenance Organization (DHMO) - *Cigna DHMO Plan*

Receive all dental care from a primary care dentist selected from the participating network. Coverage isn't available for dentists out-of-network other than for emergency situations.

Preferred Provider Organization (PPO) - *Cigna PPO Plan*

Ability to use any dentist. However, manage out-of-pocket costs by remaining in-network where you will receive deeper discounts and contracted pricing.

Vision Insurance | EyeMed | Insight

Vision insurance helps offset the costs of routine eye exams and also helps pay for vision correction eye wear, like eyeglasses and contacts, that may be prescribed by an eye-care provider. You can manage your out-of-pocket costs by utilizing in-network vision providers and reaping the benefits of their deep discounts. It's important to note that you cannot get glasses and contacts in the same calendar year.

Flexible Spending Accounts (FSA) | Benefit Resource, Inc. (BRi)

Accounts that allow you to save money on a pre-tax basis to pay for qualified medical, dental and vision expenses and/or dependent care expenses you may incur throughout the year. The money you put into your FSA is done so on a pre-tax basis. This means you are lowering your taxable income and also not paying taxes when the money is used for qualified expenses. You're eligible to contribute to a Health Care FSA, Dependent Care FSA and Limited Purpose FSA (for HSA enrolled members only). IRS maximums apply. Funds must be used for qualified expenses to avoid penalty.
